TRAINING

When you become a part of our expanding business, we will not only support you throughout your journey, but we will give you the unmatched resources, operational knowledge, and trade secrets you need to succeed. Our comprehensive program features classroom and on-the-job training. The classroom section is 20 hours and will cover our philosophy, protocols, marketing, operations and more. While the on-the-job portion, totaling 40 hours, will be more of a hands-on experience. Completing this all-inclusive training will ensure you take the appropriate steps toward success!

As a franchisee, you will be provided with an elaborate training program that will give you complete insight into our business model. This training will combine classroom as well as 'hands-on' courses which will show you some of the best practices in the industry so you may confidently succeed as a med spa owner. You will be taught in-depth about our services, daily reconciliation procedures, marketing & advertising strategies and more, in a training program totaling 60 hours.

CONCEPT

VJuv provides innovative services that stand out from any other traditional medical spa, most importantly, we pride ourselves on natural and effective solutions. Our treatments provide proven alternative solutions to surgery, or medications which often result in significant side effects and extended downtime.

We offer various services such as muscle therapy body sculpting, Radio Frequency Micro-Needling, hair loss therapy and other high end professional beauty treatments.

Our business model has proven to be a crucial success, which is why we have decided to expand our business through franchising and will soon bring one of our medical spas to a neighborhood near you!

INVESTMENT

The medical industry is incredibly profitable. Now, more than ever, holistic alternatives to surgical procedures are highly sought after.

A V-Juv franchise will require an investment between \$300,000 - \$500,000. This will include a one-time franchise fee of \$40,000 and a 3-month cash reserve. The initial investment will cover essential expenses such as travel & living expenses, prepaid rent and deposit expenses, opening inventory and supplies, and any construction of leasehold improvements.

Joining our V-Juv team ensures you become a part of an ever-expanding industry that is sure to exponentially grow within the next couple of years.

OPPORTUNITY

If you are looking to start your own business, while positively impacting the health, beauty and well-being of those in your community, then this franchise opportunity will be ideal for you!

The medical spa industry is in constant high demand, and with our connections to high end medical equipment companies, and knowledge of quality services and products, you are sure to see lucrative growth rapidly.

As a franchisee, you go into business for yourself, but never by yourself. Let us stand beside you as we assist in making your entrepreneurial dreams come true!
